RUTLAND

"The Marble City"

The publishers of this Directory have attempted in the following pages to give the outstanding features of the City of Rutland. The local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. The purpose here is to portray as much of Rutland's charm and greatness as is consistent with facts. The Directory is in effect an encyclopedia of information about the city. It shows localities, street changes, growth of sections and general city changes. The names of residents give evidence of racial characteristics, which is helpful to anyone making a detailed study of Rutland.

The Rutland Directory becomes a part of the Free Library Exchange System of North America, and through this medium disseminates information about the city far and wide.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77, Schenectady 100, Buffalo 379, Chicago 933, Elmira 286, Troy 99.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Contains land area of 8,113 square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range forming the western wall of a very attractive valley run-

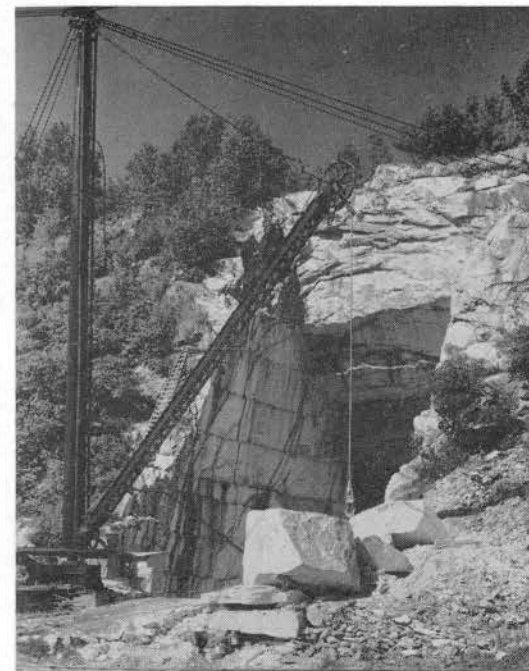

ning into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing stunt. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Bird Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction for camping, boating and bathing, and other lakes nearby.

The proximity of the "Long Trail," passes within 10 miles of Rutland doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail.

Two of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts and the new Killington Basin Ski Area is drawing thousands of skiers from all parts of the East.

INDUSTRIAL—Rutland is a leading industrial community. There are 50 plants making a variety of more than 50 products valued over \$22,000,000. A number of nationally known firms are included in Rutland's manufacturing family. General Electric Samica Corporation (a division of Minnesota Mining and Manufacturing Company), Howe Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc. and the Albert Rosenblatt & Sons firm (manufacturers of Mimi and Susan Ross dresses). Products manufactured in Rutland include medical products, awnings, flags, books, reels for electric wiring, mica insulating paper, tile, women's clothing, roof cement, ice cream, legal forms, scale machinery, stone working

Quarrying of marble, slate, lime, talc, soapstone is extensively carried on in the Rutland area. Agriculture, fruit raising and dairying are important in this county. 92% of the labor supply is native born. The Greater Rutland Industrial Park offers excellent facilities for industrial concerns seeking a site. A new 38,000 square foot industrial building was constructed by Rutland people this year to help stimulate industrial expansion. Firms seeking information on this new building should contact the Rutland Chamber of Commerce.

RUTLAND

Trading Center for a Population of Over 100,000

NEW DEPOT PARKING LOT, CENTER OF BUSINESS DISTRICT. OFF STREET PARKING FOR 1,100 AUTOMOBILES IN BUSINESS DISTRICT

A Charter was granted to the Town of Rutland, on September 7, 1761, and Rutland was organized as a City on November, 19, 1892. It has a population according to unofficial 1953 census of 18,000. City and town 20,000, present estimate 21,000.

Rutland known as "THE MARBLE CITY," is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State, served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks and recently expanded reservoir.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. North-South Airline Service. The Purest of mountain brook water feeds the reservoirs.

Plenty of Building Room with the Remarkable Sky Line to the East

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or co-partnerships and 61 are corporations. Nearly 2,000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

In promoting a greater and better city, it has been the aim of the planners of future Rutland to give full emphasis to the pleasure and health aims for our citizens. Foremost on this plan is the Municipal Recreation Department which offers a year round recreation program for all ages, interests and abilities. Other natural recreation facilities include hiking, mountain climbing, trail tramping, snowshoeing, skiing, camping, picnicing and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

The Municipal Recreation Department of Rutland has for its facilities two small year round recreation centers, three major playgrounds, three minor playgrounds, four tennis courts, swimming pool, three baseball fields, three ice skating rinks and a portable ski tow. The program of the Recreation Department is a year round schedule of physical, artistic, aesthetic and educational activities, for all age groups, temperments and interests.

Rutland County also offers excellent bass, trout and pike fishing in its many lakes and mountain streams. A record number of deer were taken during open season in the county woods. Foxes, rabbits and bear are also plentiful.

Rutland offers great potential for winter sports with two of Vermont's finest ski areas within 15 miles of the downtown section. Pico Peak has been a favorite of skiers for years and has recently been joined by the excellent facilities at Killington Basin Ski Area in Sherburne. The new Killington Chair Lift carries skiers 4,400 ft. into the clouds with breath-taking trails awaiting their descent. This is the highest chair lift in the east with trails for novice as well as expert skiers.

Rutland Municipal Bathing Pool

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics.

Rutland has received recognition for its excellent junior ski program. Junior skiers from Rutland walked off with national honors in 1959 and continually place among the top competitors in the eastern United States.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations, Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door-to-door canvass which is a very expensive publishing operation. The only complete census for public service. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

DO YOU KNOW???

THAT every person over 18 years of age, his occupation, marital status and address is listed in the City Directory?

YOU can profit by the use of the City Directory as an efficient business and personal tool for the location and identification of your business prospects and customers?

ARE you correctly and adequately listed in the City Directory? If not, contact us for the next edition.

IN the City Directory is given the most complete guide to streets, householders and house numbers—and the **ONLY** complete list of businesses, professions, manufacturers and organizations of your city?

THE City Directory's importance to the general public is emphasized when you realize that its information, in over 60% of the names registered, is unobtainable elsewhere and in no other medium of information can it be found in full detail?

CITY history, progress and public spirit is reflected in the City Directory and the story it presents of you and your community?

DIRECTORY information is more complete, correct and convenient to all people than any other information guide to a city, its businesses and people?

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference

1. INDEX TO ADVERTISERS
2. DESCRIPTIVE AND MISCELLANEOUS
3. ALPHABETICAL SECTION
4. CLASSIFIED BUYERS' GUIDE
5. CLASSIFIED BUSINESS SECTION
6. BRANDED GOODS BUYERS' GUIDE
7. HOUSEHOLDERS' AND STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householder, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "@"—Homeowner.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain, to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted. The post office address is given only when the same does not correspond with the name of the town.

"What is Offset Printing?"

This is the question asked by our customers. Briefly, it is a photographic process of printing from offset photographically-developed plates which are run on the offset lithographic press.

This process allows a greater flexibility in designing a printing job of most any type. Existing forms; typed letters with complete letterheadings plus signatures can be photographed and economically printed. Drawings, photographs, and sketches can be used as copy. Even newspaper clippings, illustrations and copy from printed catalogs can be cut out, pasted onto your copy and thus combine with the printer's type to give you a finished product of which you can be proud.

We will gladly work up your ideas with you. Over fourteen years of offset printing experience are at your disposal when you contact us.

We also are Dealers for Advertising Book Matches, Continuous Forms, Salesbooks, Restaurant Checks, Engraved and Thermographed Business Stationery, and the Goes line of Lithographed Borders, Letterheads, and Certificates.

Letterpress or Offset Printing

Our two-fold printing service may prove valuable in your business.

First -- We offer you the facilities of our complete letterpress printing department, well equipped to handle any job from a hundred business cards to a 1000 page book. Stationery, office forms, advertising folders, pamphlets and clothbound books are readily handled on our equipment.

Second -- Our offset printing department offers you the advantages of this modern process. Offset printing is economical for office forms, blanks, drawings, tracings, letterheads in color, without the customary typesetting or from your printed copy, Photographs can be reproduced on bond or rough papers.

Copy can be set in regular type, varityped or hand lettered. Varityped forms are ideal for interoffice use and letters are quickly and economically reproduced.

May we discuss your printing problems with you?

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted. The post office address is given only when the same does not correspond with the name of the town.

Do you cash checks?

For cashing a stranger's check, the police department of Tacoma has given sensible rules. The home address should appear on the check and BE VERIFIED BY THE CITY DIRECTORY; this and the name should be checked with the driver's license of the man trying to cash the check; also against his bank book. Signatures should be compared. A LOT OF QUESTIONS AS TO THE MAN'S NAME, HIS WIFE'S NAME, WHERE HE WORKS, WHO ARE HIS NEIGHBORS, ALL HELP and can be verified in the City Directory. If he admits being from out of town, his check is a risk. F.F.I.—For Further Information Use the City Directory!!

WHY ADVERTISE IN MANNING'S DIRECTORIES

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

THE CITY DIRECTORY

Does not compete
with any other advertising medium
It supplements and complements all other
forms of mercantile publicity.

PLACE YOUR DIRECTORY WHERE
THE PUBLIC MAY USE IT AND
INCREASE ITS BENEFITS. IT IS
TOO EXPENSIVE A PROPERTY
NOT TO RECEIVE MAXIMUM USE

The City Directory

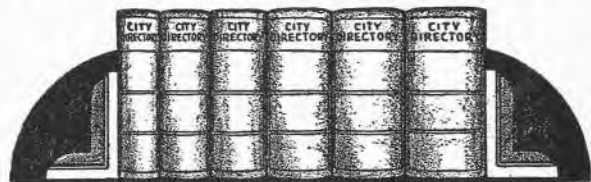

BARS NO PROFESSION, BUSINESS, INDUSTRY, OR
INDIVIDUAL FROM REGISTRATION IN FULL. FOR THAT
REASON THE PROFESSIONAL MAN CAN, WITH PRO-
PRIETY, LIST HIS SPECIALTY FOR THE BENEFIT OF
THE PUBLIC THE SAME AS HE HAS HIS NAME OR SIGN
WITH OFFICE HOURS AT HIS PLACE OF BUSINESS.
THIS IS ETHICAL FOR AN INFORMATION BUREAU.

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door-to-door canvass which is a very expensive publishing operation. The only complete census for public service. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

KEEP YOUR OLD DIRECTORIES

Back Files of City Directories are Extremely Valuable

CONTINUOUS DIRECTORY SERVICE

past directories answer questions like these . . .

- How long has John Doe worked for Blank & Co.?
- How many years has Jim Smith lived at the same address?
- How and where has your city grown?

A perpetual file of city directories gives you a complete picture of your city's history and the people who comprise your market. People are the heart and soul of any city—here you have a complete record of them.

Trace the movement, job changes, marital status of individuals—see just how and where your city has grown—find the answers to dozens of questions about people—answers that cannot be found in any other single record.
